

District Report

District #8

Jeff Finken

At the beginning of the Fraternal year I was asked to be the District Deputy as we had nobody else lined up to step into the position. I try my best to communicate with the councils in the district but have only made 2 council meetings this fraternal year due to my work schedule and proximity to the councils.

Two of the three councils are active in their Parishes, the third is waiting until their Priest allows them to meet again, due to COVID restrictions. All councils submit paperwork, sometimes late but always if I ask.
